Our Auction Lot did see hail and heavy rain. Light Hail Damage was reported, but it was limited to cosmetic damage; no windows were broken.

6). I'm interested in purchasing some lots from the July 14 auction in Lubbock. Can I make an appointment to inspect the lots before bidding?

The Auction Inspection Days were held on July 2nd and July 3rd from 9:00am-12:00pm and 1:00pm-3:00pm. No appointment was necessary.

7). Could you possibly tell me if the problem with the zero turn is in the motor or the transmission?

The department said it was the motor.

8). I wanted to check if the lot where those items are has any hail damage. I heard some areas nearby were affected, but I'm not sure if your yard was.

Our Auction Lot did see hail and heavy rain. Light Hail Damage was reported, but it was limited to cosmetic damage; no windows were broken.

9). Lot #4 (aluminum shed). Do you have photos of the interior? If not, is the interior finished or not? Is the building insulated? Also, is the piece that creates the covered area in the front of the shed included? What is the length and width of the shed? Any additional information would be appreciated. There appears to be a chimney coming out of the top of the structure. Is there a fireplace or wood burning stove inside?

There are no photos available of the interior. There is no additional information on this lot.

10). Could you share a little more information on the tractors are the motor lock down or they just not start.

Lot #92008163 – Condition Unknown

Lot #92003008 – Will not start; Not operable

Lot #92003011 – Did start when boosted

11). JUST WANT TO KNOW WHEN THESE VEHICLES CAN BE VIEWED AND WHERE? THANKS!

Our Auction Inspection Days were on Wednesday, July 2nd and Thursday, July 3rd.
